The use of Photobucket why do you need it en how does it work?

Click here to read this manual in PDF

Each account on Omni-Chat has standard 3Mb disk space to place images in the messages. If that is insufficient, you can order extra disk space at Omni-Chat. If you want to read more about ordering disk space, please click ► [here](#) ◀ to read the manual. You can choose to upload files till 1 gigabyte on Photobucket.

This manual is divided in the following items:

- [Register at Photobucket](#)
- [Upload the files](#)
- [How to use images in a message or web page on Omni-Chat](#)
- [Tips for using Photobucket](#)

Register at Photobucket:

Go to the website of Photobucket or click ► [here](#) ◀.
You see this page en click on "join now".

You come on the next page, where you enter name and password, then click "next step".

[Next step >](#)

Current member? [Login](#)

Then you come to a page where you can fill in your details. Finally, click "I accept. Sign me up!".

One last step, Omni-Chatter

Start uploading and sharing your photos and videos

First Name:

Last Name:

Email:
No spam! We hate that stuff.

Gender:

Birth day:

ZIP/Postal Code:
US and Canada only.

See this code? 

Re-type it here:

That way we know you're a real person.
By clicking on 'I accept' below you are agreeing to the [Terms of Use](#) and the [Privacy Policy](#).

You will automatically receive an email with your user ID and password. Keep this information carefully.

[▲ Top](#)

Upload the files:

Once you have registered, you can return to the site and log in to Photobucket.

Email or username

Password

Remember me

[Forgot username or password?](#)

Enter your name and password and possibly put a check mark if you want the computer to remember these details. Click on "Log in".

You are logged in on Photobucket. You'll see a big blue button "Upload images & videos". If you click on it, you can find files on your computer and select which should be uploaded. You can select multiple files at once. When you are finished selecting files, click Upload.

How to use images in a message or web page on Omni-Chat:

After completing the upload, you go automatically into your account on Photobucket. You will see the page with your files. If desired, you can set captions.

There are four options for files using on Omni-Chat.

1. Double-click the file that you want to use Omni-Chat. Click with your right mouse. A window open now and choose Copy. Go to the site or the message on Omni-Chat and click "paste" and the image appears in your screen.
2. Double-click on the file that you want to use Omni-Chat. Next to the file you see the data as shown here:
